### ProX XC-SB100 100 Ft. Speak Twist to Banana High Performance Speaker Cable 12AWG

#### Description

The **ProX XC-SB100** is ideal for professional touring and live sound applications where a device with a Speak twist output/input needs to be connected to a device with a Banana Plug output/input. 12 AWG Oxygen-Free Copper (OFC) conductors for maximum signal transfer.

All ProX cables display the company's commitment to making the highest quality audio cables. Making waves as the professional's choice for the most demanding applications. The exacting design of the entire line makes ProX cables the smart choice for your needs. From simple patch cables to complex studio harnessing. Only high-grade components and time-proven manufacturing techniques are employed to ensure you are receiving the highest quality cable for your investment.

ProX provides users with amazing sound cables. We know cables are not just cables, they are what protects your sound from being altered. Uncompromised signal power, frequency handling, and sound reproduction are what we are passionate about.

The Black PVC jacket built for durability, flexibility and low visibility on stage is designed like a tank, armored to withstand rugged heavy road use.

Bending & Twisting are no match for our high-performance tour-grade audio cables. They're designed to provide years of dependable sound reproduction and outlast every other cable on the market!

All registered trademarks and trade names are properties of their respective owners and are used only for the clarification of the compatibility of our products with the products of the different manufacturers. Due to constant product improvements, the actual product appearance might differ from the shown images. Product images are for illustrative purposes only.
