ProX XC-MEDOOZA100 100 ft 10 RCA Channel + 3 Power Cable for Marine and Car Audio - Medusa Style Cable

Description

ProX XC-MEDOOZA100 100 ft 10 RCA Channel + 3 Power Cable for Marine and Car Audio - Medusa Style Cable is an Audio Snake solution for EZ installations on Marine and Vehicle Audio. In the past most installers and pro audio technicians would have to custom build these cables, and since then we have come up with a solution after listening to their experiences we came up with "MEEDOOZA" cable that will make audio routing and wiring easily installable in a snap.

It's made from premium grade rubber outer jacket has a resistance to fluids, oils, and is extremely flexible to go around tough corners and under upholstery. Our cables also have a tolerance to extreme tempures either high or low they will perform the same everytime. These cables are tested and passed certification for outdoor usage. The conductors are insulated polypropylene and contain 100% oxygen-free copper wire for strong conductivity. Made from 22 gauge oxygen-free copper for maximum signal connectivity. It's shielded and spiral wrapped with 24 gauge wire for noiseless operation. 3 Power cables are 12 gauge oxygen-free copper to maintain high voltages. (Black/Red/Blue Wires)

Each cable is manufactured and engineered for high performance and long lasting durability. This cable is great for audio installs that include multiple EQ's, Crossovers, and other custom car audio installations.

Features

- 100 Feet of Combined and RCA Power
- 10 Gold-plated RCA connectors
- Twisted wire around shield noise reduction
- 3 Pure Copper Conductor
- Flexible PVC jacket for twist and bends

Shipping Dimensions & Weight

Box 1 of 1: 10.50"H x 14.00"W x 14.00"L - Shipping Weight: 27.00 lbs

UPC

804589615736
