ProX T-10MRLT 10U Vertical Rack Mount Flight Case with 10U Top for Mixer Combo Amp Rack with Laptop Shelf and Caster Wheels

Description

ProX **T-10MRLT 10U Vertical Rack Mount Flight Case with 10U Top for Mixer Combo Amp Rack with Laptop Shelf and Caster Wheels**. What sets this case apart is its inclusion of a sliding laptop shelf, designed specifically for mobile DJs who require quick and easy access to all their equipment. This feature provides a versatile and user-friendly solution for DJs on the go, allowing for optimal accessibility and streamlined workflow. Overall, this combo rack case is an ideal choice for all-level DJs seeking exceptional quality, practicality, and convenience in a flight case.

Our vertical amplifier rack cases offer an ideal storage solution, ensuring convenient security **for a diverse range of amplifiers, professional DJ mixers, effects units,** and any other **standard 19" rack-mountable** Pro Audio, DJ, and Network equipment. Crafted with a robust construction design and equipped with dual mounting rails, this case ensures your equipment remains securely in place, preventing dislodging or slipping and minimizing strain on the rack ears.

These high-quality products come complete with external spring-loaded handles and butterfly twist latches that even include padlocks for enhanced security. Constructed from thicker 3/8" plywood, this case provides premium protection for a lifetime*. Beyond its heavy-duty build and user-friendly features, this case offers a stylish, durable, and dependable solution that stands the test of time.

Presenting the ProX ATA 300 Style Flight Case, designed with a laminated surface on 3/8" plywood for top-notch durability. Crafted with our signature Honeycomb Digital™ Surface Protection, this case boasts a sleek and modern appearance while safeguarding your valuable equipment.
