ProX XS-RANE72LTBL 11" DJ Mixer Road Case W/Laptop Shelf for Rane Seventy-Two 72 and Rane Seventy (Black on Black)

Description

ProX XS-RANE72LTBL Road Case is designed by ProX Cases for the **Rane Seventy-Two (72)** and **Rane Seventy (70)** is made with the highest quality material and workmanship to give you the ultimate security for your equipment. If you have a passion for your gear and want to keep it safe at all times, this case will always perform at the highest level.

The XS-RANE72LTBL is constructed with our rugged signature 3/8" Gig-Ready Series Plywood, reinforced steel ball corners and recessed steel padded handles and latches. There is additional space for cables and small accessories in the back and underneath the unit for convenience, as well as a removable front panel for you to easily access the front controls and headphone/mic jacks.

It's all about the options! This item is part of our **Black on Black** series, which features a black digital honeycomb finish with silver hardware for a sleek, professional look. There's no going back. This stunning ProX road case with **Laptop Shelf**, for your professional gear, will always make a statement.

This ProX case is manufactured with the ProX Distinctive Honeycomb laminated surface design. Made with the super-sleek look of Honeycomb hexagon grids on all laminated outer shell surfaces, which gives the cases an almost alien look! Also as opposed to regular smooth laminated plywood cases from other manufacturers, the ProX Honeycomb design helps prevent minor to mild scratches. The Honeycomb Digital line design was inspired by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases has been known for since 1984.

ProX Goes Green: The durable hard rubber foams used in our cases contains 70% recycled content. Of that recycled content, 80% of it comes from recycled plastic bottles and the remaining 20% from recycled post-industrial material. At ProX we strive to make the world a better place!*

Note: Any pictured controller/mixer is shown for reference only!
