ProX XT-SPMT 14 inch Speaker Mounting Pole Extension with Dual Truss Clamps for F34 F32 F31 Segments - 2" Diameter

Description

ProX **XT-SPMT 14-inch Speaker Mounting Pole Extension** with Dual Truss Clamps for **F34 F32 F31 Segments - 2" Diameter**. The ProX XT-SPMT speaker mount offers a seamless and efficient solution for mounting speakers in live situations, presenting a multitude of advantages for performers and audio professionals alike. Constructed from premium-grade aluminum and fortified with a diagonal brace, this mount ensures exceptional stability, even during high-energy performances. Its quick and secure attachment mechanism, featuring dual pro clamps, allows for effortless installation on 2" vertical truss tubes, saving valuable time during setup.

Like most scenarios, where every moment counts, the Speaker Mount streamlines the process of positioning speakers, enhancing the overall efficiency of your setup. Its robust design not only ensures safety but also guarantees a clean and professional look, contributing to a visually appealing stage presence. By facilitating precise speaker placement, this mount empowers performers to optimize sound distribution, ensuring that the audience enjoys an immersive and crystal-clear audio experience. Whether you're a DJ, Musician, or Stage technician, the **XT-SPMT** is the ultimate tool to elevate the quality of your live performances while simplifying the setup process.

TUV is a 3rd Party Certification Body and a Nationally Recognized Testing Laboratory (NRTL).

TUV provides inspections, testing, certification & training, with the ultimate objectives of reliability, safety & high quality.
