ProX XT-BP2430W 24 x 30 inch Rolling Base Plate for Rapid Grid Modular Truss System with locking casters - Black Finish

Description

ProX **XT-BP2430W** 24 x 30 inch **Rolling Base Plate for Rapid Grid Modular Truss System** with Locking Casters - **Black Finish**. Introducing the ProX XT-BP2430W BLK Base Plate, measuring 24 x 30 inches, a vital component within the ProX XT-GRU Rapid Grid Modular System. Coated in a sleek black finish, this rolling base boasts a construction crafted from a robust 10mm AWT6 6061 Aluminum Plate. Enhanced with strategically positioned handle cutouts and an array of meticulously drilled stud mounting holes, this base plate epitomizes versatility in design.

Supported by four 3" locking casters, this foundation ensures seamless mobility for GRU or truss configurations, effortlessly transitioning from truck to venue to stage while safeguarding your valuable lighting equipment. Compatible primarily with the [XT-GRU3024 BLK](#) grid units, this baseplate also offers adaptability for integration with **F34 trussing products**, enhancing its utility and applicability.

The XT-GRU3024 Rapid Grid™ Modular System redefines creative possibilities, offering an array of configurations for single fixtures, double hangings, or cascades of multiple fixtures. Its adaptability extends to the creation of expansive walls of suspended positions, tailored to your specific needs. Each U-module boasts dual safety point attachments on both sides, accommodating a variety of fixture styles with utmost security. The ProX GRU Rapid Grid™ System is ingeniously engineered for swift assembly and disassembly across diverse environments. Its lightweight aluminum construction is fortified for stability and safety, a testament to the marriage of strength and agility in design.
