ProX XB-SANDBAG50 50lb Capacity Black Double Zipper Saddlebag Sandbag - Empty

Description

The **ProX XB-SANDBAG50 50lb Capacity** Double Zipper Saddlebag Sandbag - Empty sandbags are for live entertainment, studio, grips, signs, displays, and other applications requiring weights. These bags are fabricated using durable black Cordura type nylon fabric and heavy-duty zippers. Constructed with two halves and a strong webbing handle on the top that continues around the entire bag for strength. There is also a pocket for an identification tag, business card or other identifying use. The weight shown is a total of both sides when fully filled with sand. Sandbags are the professional's choice whenever heavy weights are needed.

SANDBAGS ARE EMPTY AND DO NOT COME PREFILLED WITH SAND OR WEIGHTS!

When filling with clean dry sand, it is suggested that a plastic trash bag is used as a liner to prevent moisture from being absorbed by the sand. Be sure to seal the plastic bag after filling it. Storing the sandbags wet or damp can cause premature failure of the bags. The bags can also be filled with steel shot or other weighted materials. Pea Gravel in ziplock bags can be used as well.

Features
