ProX XC-SQF 6" Speaker Twist connector Male to 1/4" TS-F Female High Performance Speaker Cable

Description

ProX XC-SQF is ideal for professional touring and live sound applications where a device with a Speaker twist connector output needs to be connected to a device with a 1/4" male output/input.

ProX cables are built with uncompromised quality with excellent performance at each connection - Instrument cables, Speaker cables, RCA cables, DMX cables, Power cables and more. Our cables are made for professionals, by professionals.

- 12 AWG Oxygen-Free Copper (OFC) conductors for maximum signal transfer.
- Compact cable diameter to decrease eddy currents.
- Black PVC jacket for durability, flexibility, and low visibility on stage.

Bending & Twisting are no match for our high-performance tour-grade audio cables. They're designed to provide years of dependable sound reproduction and outlast every other cable on the market! Complete Coil technology demands consistent weave tolerances to create precise accuracy and detailed clarity. This is the most important part of the design and greatly affects performance.

Features

- **12 AWG x 2 Oxygen-Free Copper (OFC) conductors.**
- **Extra Durable & Flexible long life construction**
- **ProX Limited Lifetime Warrantys**
