ProX XT-S820 8.20 Foot - 2.5M F31 Single Tube Truss Segment | 2mm Wall

Description

The **ProX XT-S820 Single Tube Segment | 2mm Wall** is one of the most trusted staging support systems in the live entertainment industry and is engineered and manufactured to the highest standards of safety and performance. We manufacture with **EN-AWT6 6082 Aluminum** for safety and strength. Our XT series F31 single tubes utilize a popular conical connector system, which easily mates with most other brands of trusses of the same size and connector type, and is available in a variety of lengths to suit your designs. Our outstanding quality control and manufacturing techniques assure excellent fitment at every connection to expedite your setups.

ProX XT series trussing is a rugged and durable trussing solution perfect for live outdoor or indoor productions, exhibitions, retail displays as well as nightclubs, and other permanent installations. ProX offers a wide variety of corners, base plates, connectors, and accessories that allow limitless design configurations to suit your needs. *Always consult an engineer for complex designs!*
