### ProX XS-YDXR12X2W ATA Flight Case For 2 EV ZLX12P Speakers

#### Description

The **ProX XS-YDXR12X2W** for 2 Speakers ATA Flight Case is a professional touring speaker case that fits **Two Yamaha DXR12mkII Speakers**. This ProX speaker case employs a laminated plywood that has a hard shell, with **internal padding**, to provide the best-customized protection for your investment. The case rests on **4 casters** designed for easy traveling it also has dishes on top to facilitate stacking with other flight cases.

The DXR12mkII Speakers also fit into the ProX [XS-2X12SPW](#) Universal Case

This ProX ATA 300 Style Road/Flight case is manufactured with the **Honeycomb Digital™** laminated surface Design. Made with the super-sleek look of Honeycomb Digital™ hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb Digital™ design helps prevent minor to mild scratches. The Honeycomb Digital™ line design was inspired in 2009 by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

*All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases have been known for since 1984.*

**Note: Any pictured device is shown for reference only and not included!**

**Internal Case Dimensions for each Speaker: 24.1 x 15 x 15 inch**
