ProX T-8RSP ATA Style 8U Shockproof Rack Mount Flight Case 18 in. Depth with Caster Wheels

Description

PProX **T-8RSP ATA Style 8U Shockproof Rack Mount Flight Case 18 in. Depth** with Caster Wheels. This meticulously crafted Shockproof Vertical Amplifier Rack Case serves as an exemplary storage solution, offering security and convenience for a diverse range of amplifiers, professional DJ mixers, effects units, and standard 19" width rack-mountable pro audio/DJ/Network gear. Engineered with steadfast precision and equipped with dual mounting rails, this case assures unwavering equipment stability, eliminating the risk of displacement or slippage. Furthermore, the design prioritizes minimizing strain on rack ears, thereby enhancing overall durability and longevity.

Impeccably designed, this ATA-300 Style Gig Ready Flight Road Case is further accentuated by the presence of front and rear removable lids. Internally, the case boasts high-density foam support and casing, ensuring meticulous gear care.

This professional-grade case is a pinnacle of functionality and durability, fortified by industrial strength twist-lock latches, steel ball corners, dual anchor rivets, and laminated 3/8" 9mm plywood. Our Shockwave cases exceed the confines of being just rack cases; they exemplify the harmonious marriage of innovation and reliability.

Infused with elements of professional-grade design, our shockproof cases showcase external spring-loaded handles and butterfly twist latches. These features are complemented by the option of adding padlocks for heightened security. The harmonious integration of these attributes creates a dependable protective shield for your equipment. Augmented stability is guaranteed by the incorporation of durable hard rubber feet and reinforced walls, meticulously engineered to offer unwavering support throughout tours and when stacking the cases.
