### ProX T-C14 Aluminum Mini O-Style Truss Clamp with Eye Bolt Capacity 165 lbs

#### Description

ProX **T-C14 Aluminum Mini O-Style Truss Clamp with Eye Bolt Capacity 165 lbs**. The T-C14 Mini-Clamp is a versatile rigging accessory designed to provide a safe and secure attachment point for various applications. It features a sturdy construction and a maximum safe working load of 165 lbs, making it suitable for use in a wide range of environments.

This mini-clamp is an upgraded version of the T-C9 clamp and comes with an added eyebolt for added convenience and flexibility. The eyebolt allows for easy attachment of different rigging equipment such as hooks, chains, or cables. It is designed to fit a 2" diameter pipe and can be adjusted to ensure a tight and secure fit.

This Mini-Clamp is built with safety in mind, featuring a locking mechanism that ensures a locked-in feel and prevents any unwanted movement or slipping. This feature helps to provide stability and peace of mind during performances or other rigging applications.

It is essential to note that the ProX T-C14 Mini-Clamp is not intended for overhead use or to support loads. Proper usage of this clamp is crucial to maintain safety and prevent accidents.

**This product is equipped with an M10 threaded bolt attachment**
