ProX T-C15 Aluminum Side Entry Pro M10 Truss Clamp with Half Conical for 2" Truss Tube Capacity 661 lbs.

Description

ProX T-C15 Aluminum **Side Entry Pro Truss Clamp with Half-Conical** for 2" Truss Tube **Capacity 661 lbs.** This Side Entry Clamp with Reversed Elbow and Half Coupler is designed to be used with 50mm (2") tubing. It is **compatible with F31-F32-F33-F34-F44P, and a 12-inch Bolt Truss** which makes it a versatile option for a variety of trussing designs.

It's made out of high-quality Al 6065-T6 Aluminum, making it lightweight yet durable for long-lasting use. Its half coupler and reversed elbow design allow for creative and unique configurations of single-tube trussing. It is important to note that safety should always be a top priority when working with trussing systems. The use of safety cables or chains on all overhead equipment is essential to ensure the safety of performers, crew members, and the audience.

This product is equipped with an M10 threaded bolt attachment
