ProX XZF-DJCTW Control Tower DJ Podium for Pioneer DDJ-REV7 XDJ-XZ DDJ-1000 RANE One - White Finish

Description

ProX **XZF-DJCTW Control Tower™ DJ Podium** Travel Stand for **Pioneer DDJ-REV7, XDJ-XZ, DDJ-1000 / SRT, and RANE® One** are custom-built for ProX in Poland by ZCase®. This podium-style DJ stand is designed and set up and breakdown quickly and easily. It's a great multi-functional DJ stand.

EASY SETUP/INSTALLATION

Out of the box, assembly takes minutes with no tools required. Simply snap-lock the base plate to the center shaft together with the steel butterfly latch locks. Once the center column and shelves are installed, mount the top control deck to the top of the column, and then secure it with the latches. Included in the box are 4 custom cut foam inserts and top frames to use with your desired DJ controller. Once the controller has been placed inside, apply the frame and now you can mount your boom arm and laptop tray to the left or right position.

BUILD QUALITY AND MATERIALS

The T-shaped DJ Controller podium is manufactured in Poland and made from the highest quality materials in Europe. Top-quality birch plywood finished with white warnex textured paint. The inside of the control deck is lined with high-density foam that stabilizes and secures your controller firmly into the control deck. Place your laptop on the secure tray attached to the included boom arm that can tilt, swivel, rotate, raise, and lower to your desired position. The podium center is equipped with three-tier shelves (for utility storage, mics, cables, etc). There are pre-drilled holes in each shelf to allow power and audio cables to pass through from the controller down to the base area.

SLEEK LOOK AND UNIQUE DESIGN.

The ProX Control Tower DJ Podium is the Crown Jewel for DJs who are looking to add an elegant touch to your wedding, nightclub, or bar, and can be added to your recording studio for a modern-style booth. Its unique design and build will impress clients, venues, and vendors. It's a piece that truly delivers not just aesthetically but as a one-stop station for all of your DJ control needs. No other DJ Stand or Podium matches the quality and convenience of the Control Tower™ DJ Podium by ZCase® from ProX Live Performance Gear®.
