ProX XS-ZTABLE JR Z-Table Jr Folding DJ Table Mobile Workstation Flight Case Style with Handles and Wheels

Description

ProX **XS-ZTABLE JR** Z-Table Jr **Folding DJ Table Mobile Workstation** Flight Case Style with Handles and Wheels. Introducing the ProX XS-ZTABLE JR DJ Z-Table® Workstation - the compact and portable junior version of our DJ Z-Table® Ultimate Workstation. Just like its predecessor, it's easy to set up, quick to collapse, and incredibly portable! Designed for DJs using mid to small-sized controllers or computers, this workstation offers a more compact event footprint. With a surface **measuring 35.5" x 22.5" and a height of 36 inches**, it keeps all your gear within immediate reach, **supporting up to 200 lbs** evenly distributed.

Transporting your DJ Z-Table® Junior is a breeze, thanks to its low-profile, durable wheels. Crafted with industrial-strength materials, you can expect the same high quality from ProX Cases.

When it's time to hit the road, simply store the Z legs inside the case, reducing its **dimensions (folded) to 35.5 x 22.5 x 9 inches**, and with a weight of only 51 pounds, it becomes easily transportable. Plus, you have the option to personalize your workstation by adding graphics to the front panel!

Constructed with **Honeycomb Digital™ Protective Finish** on Gig Ready™ Laminated 3/8" plywood, this ProX ATA 300 Case not only offers excellent protection but also features the sleek look of Honeycomb Digital™ hexagon grids on all shell surfaces, setting ProX apart from other manufacturers.
