ProX X-BP8X30-10X24 Dolly Cart for Base Plates and Truss - Holds 8-30 inch or 10-24 inch Base Plates

Description

ProX X-BP8X3010X24 Dolly Cart for Base Plates and Truss - Holds 8-30 inch or 10-24 inch Base Plates. The ProX X-BP8X3010X24 Baseplate Dolly represents the pinnacle of base plate storage and transportation systems. Crafted from durable steel and adorned with a sleek black powder-coated finish, this dolly boasts a robust and unyielding frame, simplifying the process of loading and unloading base plates. Designed with fitted racks for vertical stacking of base plates, it not only saves valuable time during event setup and teardown but also accommodates either ten 24" or eight 30" base plates, thanks to its ingenious dual-fit feature. It's important to note that a single cart cannot accommodate a mix of 24" and 30" baseplates.

Cart Specifications

(8) 30" Aluminum ProX Base Plates

(10) 24" ProX Aluminum/Steel Base Plates(per side)

(2) Single F34 Truss section (per side)

Furthermore, the ProX X-BP8X30-10X24 Baseplate Dolly offers added versatility with four telescoping brackets integrated into the cart frame, allowing the secure transport of one stick of truss on each side. Equipped with four industrial-grade swivel wheels (two with brakes), it enhances maneuverability significantly. While it may be compatible with baseplates from other brands, it's crucial to understand that fitment cannot be guaranteed, except for ProX baseplates. Please note that this product does not include truss or baseplates; they are depicted for illustrative purposes only.

Disclaimer: Misuse, mishandling, or improper setup of the ProX X-BP8X30-10X24 Baseplate Dolly can result in failure, potentially leading to severe injury or loss of life. We strongly urge you to thoroughly read, comprehend, and adhere to all operational instructions and weight load specifications before utilizing this product. For the safety of all, refrain from allowing children or untrained individuals to operate this equipment. ProX Live Performance Gear® assumes no liability for personal injuries, fatalities, direct or indirect damages, loss of property, revenue, profits, or removal, installation, or re-installation costs incurred in connection with the use or performance of this product.
