ProX XT-SQ164-3W90 F34 Square Truss Junction Corner Block 3 Way 90 Degree

Description

ProX **XT-SQ164-3W90** F34 Square Truss Junction Corner Block 3 Way 90 Degree. Crafted from high-quality materials, this corner block ensures unparalleled durability and reliability, making it an ideal choice for both indoor and outdoor applications. Its robust construction guarantees maximum stability, allowing you to build sturdy truss structures that can withstand heavy loads and demanding environments.

The Square Truss Corner Block 3 Way 90-degree offers exceptional versatility by providing three connection points at a 90-degree angle. Whether you are constructing stages, exhibition booths, lighting rigs, DJ setups, or any other truss-based structure, this corner block enables you to effortlessly create complex configurations and layouts.

With safety as a top priority, the Square Truss Corner Block 3-Way 90-Degree includes various features to ensure secure connections. The innovative locking mechanisms and reinforced connectors guarantee a tight fit, preventing any unwanted movement or shifting of the truss components during usage, ensuring the utmost safety for your equipment, personnel, and audience.
