### ProX XTF-ATF17PAM FANTEK® Movable Line Array Adapter with Hanging Ring for XTF-FT5323 and XTF-FT6033 Lifting Towers

#### Description

**ProX XTF-ATF17PAM Movable Line Array Adapter** with Hanging Ring for small/medium line-arrays systems. Compatible with XTF-FT5323 and XTF-FT6033 frontal loading lifting towers. It is built of steel and has three hanging points, two of which are movable, along with movable fork section connectors. It has heavy-duty thumbscrew locking bolts as well as safety stops on each end of the main support tube.

FANTEK® was founded in 1940 and with a major expansion in 1984 and with many years of experience is the manufacturer of lifting towers in Valencia Spain, offers innovative high-end quality, reliable and efficient products to all customers worldwide. ProX Live Performance Gear is the only distributor of Fantec® Lifting Towers in the USA. FANTEK® products meet strict European standards. Certified to current standards [CE - DGUV].

#### Features

- Design to fly line array systems and LED screens.
- Built from quality components to ensure maximum safety.
- Designed to raise the load from the floor.
- Made by FANTEK® in Valencia Spain.
- CE - DGUV Certified Compliant

DGUV is a 3rd Party Certification Body and provides inspections, testing, certification & training, with the ultimate objectives of reliability, safety & high quality. CE marking is a certification mark that indicates conformity with health, safety, and environmental protection standards for products sold/manufactured within the European Economic Area (EEA).
