ProX XTF-ATF1DS Fantek® Reversible Truss Adapter for XTF-FT5323 and XTF-FT6033 Lifts

Description

The **ProX XTF-ATF1DS Fantek® Reversible Truss Adapter** is designed to utilize FANTEK® Front Loading lifting towers to lift sections or assemblies of Trussing with 2" (50mm) Tubes. Compatible with XTF-FT5323 and XTF-FT6033 frontal loading lifting towers. It is built of steel and multiples are required for safe lifting. It has a heavy-duty thumbscrew locking bolt and two removable pins with clips to retain the trussing. It is reversible depending on the truss orientation or lift's positioning.

FANTEK® was founded in 1940 and with a major expansion in 1984 and with many years of experience is the manufacturer of lifting towers in Valencia Spain, offers innovative high-end quality, reliable and efficient products to all customers worldwide. ProX Live Performance Gear is the only distributor of Fantec® Lifting Towers in the USA. FANTEK® products meet strict European standards. Certified to current standards [CE - DGUV].

Features

- **Designed for Lifting Truss Assemblies**
- **All Steel Construction for safety and durability**
- **Built from quality components to ensure maximum safety**
- **Made by FANTEK® in Valencia Spain.**
- **CE - DGUV Certified Compliant**

DGUV is a 3rd Party Certification Body and provides inspections, testing, certification & training, with the ultimate objectives of reliability, safety & high quality. **CE** marking is a certification mark that indicates conformity with health, safety, and environmental protection standards for products sold/manufactured within the European Economic Area (EEA).
