ProX X-RCF-ART710AMKII Fits 2x RCF ART 710-A MKII Two-Way Speaker Flight Case with 4 inch Wheels

Description

The ProX X-RCF-ART710AMKII is designed specifically to house and protect (2) of RCF ART 710-A MKII Two-Way speakers. This professional speaker case employs a 3/8" laminated plywood that has a hard shell with internal impact resistant padding to provide the best protection for your investment. No matter where you take your speakers you can have peace of mind, nothing will get damaged during transit or in storage.

This particular case rests on four high quality 4" casters designed for easy traveling, it also comes equipped caster dishes on top to facilitate stacking with other flight cases. The X-RCF-ART710AMKII is the perfect case for AV production companies, touring bands, entertainment groups, mobile DJ's or anyone who owns RCF ART 710-A MKII Two-Way speakers. Protect your investment with ProX Cases.

This ProX case is manufactured with the Honey Comb laminated surface Design. Made with the super-sleek look of Honey Comb hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honey Comb design helps prevent minor to mild scratches. The Honey Comb Digital line design was inspired by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.
