### ProX XS-AHAVANTIS W Fits Allen & Heath AVANTIS Digital Mixer Console Flight Case w Low Profile Wheels

#### Description

The ProX XS-AHAVANTIS Pro quality ATA road case is custom-designed to fit the Allen & Heath AVANTIS Digital Mixer Console and it does the job well. The XS-AHAVANTIS case is constructed with rugged and durable Signature Series Plywood and reinforced steel ball corners. There will be space for cables and small accessories in the back of the unit for convenience, as well as a low front panel so you can access your inputs easily.

This ProX case is manufactured with the Honeycomb laminated surface Design. Made with the super-sleek look of Honeycomb hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb design helps prevent minor to mild scratches. The Honeycomb Digital line design was inspired by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

\* ProX Goes Green: The durable hard rubber foams used in our cases contain 70% recycled content. Of that 70%, 80% of it comes from recycled plastic bottles and the remaining 20% from recycled post-industrial material. At ProX we strive to make the world a better place!
