ProX XS-DJ707 LTBL Flight Case For Roland DJ-707M Digital Controller W-Laptop Shelf | Black on Black

Description

The **ProX XS-DJ707 LTBL Flight Case** is designed to fit the Roland DJ-707M controller and is made with the highest quality material and workmanship to give you the ultimate security for your Roland DJ-707M. If you have a passion for your gear and want to keep it safe, this case will perform at the highest level every time. The **XS-DJ707 LTBL** with sliding laptop shelf is constructed with our rugged signature 3/8" Gig-Ready Series Plywood, durable rubber wheels, reinforced steel ball corners, as well as recessed steel padded handles and latches. There is additional space for cables and small accessories in the back and underneath the unit for convenience, as well as a removable front panel for you to access front input jacks easily. The front removable panel allows for easy access to the front controls and headphone/mic jacks.

It's all about the options! This item is part of our **Black on Black** series, which features a black **Honeycomb Digital™** finish with black hardware for a sleek, professional look. There's no going back. This stunning black on black road case for your professional gear will always make a statement.

This ProX **ATA 300 Case** is manufactured with the **Honeycomb Digital™** Protective Finish on Laminated 3/8" plywood. Made with the super-sleek look of Honeycomb Digital™ hexagon grids on all shell surfaces, sets ProX apart from other manufacturers. The Honeycomb Digital™ design helps prevent minor to mild scratches. This unique design was inspired in 2009 by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases have been known for since 1984.

Note: Any pictured device is shown for reference only and not included!

For your safety, and the safety of your equipment, do not attempt to transport or move with any gear stored on a sliding shelf or side shelf and be aware that the sliding shelf can be removed when slid out to its furthest point.

Features

ProX has been manufacturing quality flight/road cases since 1984 and all are designed to protect your investment!
