ProX XS-M12 Flight Case for 12 In. Large Format DJ Mixers | Universal | Black on Black

Description

The **ProX XS-M12BL** is the perfect companion for the state-of-the-art Mobile DJ! Built with top grade heavy-duty materials, the XS-M12 gives your DJ equipment protection with maximum durability, dependability and security.

The XS-M12BL is constructed with our rugged signature 3/8" Gig-Ready Series Plywood, durable rubber wheels, reinforced steel ball corners, as well as recessed steel padded handles and latches. There is additional space for cables and small accessories in the back and underneath the unit for convenience, as well as a removable front panel for you to access front input jacks easily. The front removable panel allows for easy access to the front controls and headphone/mic jacks.

The XS-M12BL has all the features you are looking for in a high-grade DJ Mixer Case. You will definitely be satisfied with this top of the line product from the signature series line of products from ProX Cases!

This ProX ATA 300 Style Road/Flight case is manufactured with the Honeycomb Digital™ laminated surface Design. Made with the super-sleek look of Honeycomb Digital™ hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb Digital™ design helps prevent minor to mild scratches.

All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases have been known for since 1984.

Note: Any pictured device is shown for reference only and not included!

Features

ProX has been manufacturing quality flight/road cases since 1984 and all are designed to protect your investment!
