ProX X-19MIX7UBL Flight Case for Gemini CDM-4000 19" Mixer W-7U Slant Rack Mount W-Removable Front Panel | Black on Black

Description

The **ProX X-19MIX7UBL Black on Black** is a 7U rack-mountable 19" top load slant mixer flight case perfect for the mobile DJ. This quality product from ProX Cases ensures maximum protection for your investment. The removable cable access cover allows you to lock the case for security and protection while keeping your gear connected. This item also comes with mounting hardware.

The X-19MIX7U Flight case is constructed with our rugged signature 3/8" Gig-Ready Series Plywood, reinforced steel ball corners, as well as recessed steel padded handles and latches. Specifically designed to fit the [Gemini CDM-4000 DJ Controller](#) but will fit many other rack mounted devices and mixers.

This ProX ATA 300 Style Road/Flight case is manufactured with the Honeycomb Digital™ laminated surface Design. Made with the super-sleek look of Honeycomb Digital™ hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb Digital™ design helps prevent minor to mild scratches. The Honeycomb Digital™ line design was inspired in 2009 by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases have been known for since 1984.

Note: Any pictured device is shown for reference only and not included!

Features

- **ATA 300 Style Design**
- **ProX Branded Spring-action recessed handle**
- **Easy locking fit and tongue**
- **Heavy and powerful steel ball corners**
- **Dual anchor rivets**

- **Signature Series 3/8" Honeycomb Digital™ Plywood**
- **Black on Black finish**
- **Cable access hole with removable emblem cover**
