ProX XS-M10BL Flight Case for Large Format 10 In. DJ Mixers | Black on Black

Description

The **ProX XS-M10BL Universal 10'' Mixer Case**is the perfect companion for the state-of-the-art Mobile DJ. Built with top grade heavy-duty materials, the XS-M10BL gives you maximum durability, dependability, and security. The ProX XS-M10BL ATA Style Flight case designed by ProX Cases fits **10'' Mixers** and is made with the highest quality material and workmanship to give you the ultimate security for your 10" Mixer. If you have a passion for your gear and want to keep it safe at all times, this case will perform at the highest level every time.

This ProX 10" Mixer Case sleek format mix case is constructed with our rugged signature 3/8" Gig-Ready Series Plywood, reinforced steel ball corners for protection and easy stacking, and recessed steel paddled handles and latches to protect them from damage during transport. and to withstand the rigorous travel that a Pro-DJ demands. Black on Black construction and modern design will turn heads and keep with the decor of any venue.

It's all about the options. This item is part of our **Black On Black series**, which features an all-black exterior for a sleek, professional look. There's no going back. Black is always in style, and an all-black road case for your professional gear will always make a statement.

The **XS-M10BL** has all the features you are looking for in a high-grade DJ Mixer Case. You will definitely be satisfied with this top of the line product from the signature series line of products from ProX Cases!

This ProX ATA 300 Style Road/Flight case is manufactured with the Honeycomb Digital™ laminated surface Design. Made with the super-sleek look of Honeycomb Digital™ hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb Digital™ design helps prevent minor to mild scratches. The Honeycomb Digital™ line design was inspired in 2009 by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases have been known for since 1984.

Note: Any pictured device is shown for reference only and not included!
