### ProX XS-TMC1012W Flight Case for Single Turntable In Battle Mode & 10 Inch or 12 Inch Mixer

#### Description

The **ProX XS-TMC1012W** Single turntable/single mixer coffin case is the case you been waiting for. If you only use one turntable and a mixer and are looking to lighten your load the XS-TMC1012W is the case for you. Fits any turntable (battle mode) and any 10 to a 12-inch mixer. The case weighs 34 lbs. Made from ProX Signature series Plywood. Your gear is more than protected and still looks sleek with your setup.

Can be used as left-handed or right-handed DJs. The removable panel on the mixer section allows for mixer placement on the right or left side.

This ProX ATA 300 Style Road/Flight case is manufactured with the Honeycomb Digital™ laminated surface Design. Made with the super-sleek look of Honeycomb Digital™ hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb Digital™ design helps prevent minor to mild scratches. The Honeycomb Digital™ line design was inspired in 2009 by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

*All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases have been known for since 1984.*

**Note: Any pictured device is shown for reference only and not included!**

#### Features

ProX has been manufacturing flight cases since 1984 and are designed to protect your investment.

- **ATA-300 Style Gig Ready Flight Road Case**
- **Easy locking fit and tongue**
- **High-density foam interior support & casing**
