### ProX XS-DAS-TOURCASE-15 Flight Case for Two 15 inch DAS Speakers

#### Description

The **ProX XS-DAS-TOURCASE-15** is designed to house and protect two of the DAS Vantec-15, DAS Action 15, or DAS Action 15A Speakers. This professional speaker case employs a 3/8" laminated plywood that has a hard shell with internal impact resistant padding to provide the best protection for your investment. No matter where you take your speakers you can have peace of mind, nothing will get damaged during transit or in storage.

This particular case rests on four high quality 4" casters designed for easy traveling, it also comes equipped caster dishes on top to facilitate stacking with other flight cases. The X-DAS-TOURCASE-15 is the perfect case for AV production companies, touring bands, entertainment groups, mobile DJ's or anyone who owns two DAS 15" speakers. Protect your investment with ProX Cases.

This ProX **ATA 300 Case** is manufactured with the **Honeycomb Digital™** Protective Finish on Laminated 3/8" plywood. Made with the super-sleek look of Honeycomb Digital™ hexagon grids on all shell surfaces, sets ProX apart from other manufacturers. The Honeycomb Digital™ design helps prevent minor to mild scratches. This unique design was inspired in 2009 by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

*All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases have been known for since 1984.*

Note: Any pictured device is shown for reference only and not included!
