Each Speaker: 25.50" x 15" x 15.50" in.

If you are passionate about your gear and want to keep it safe, this case will always perform at the highest level. Our speaker cases come in a variety of options and are ideal for storing and transporting Cables, Stage Lighting, Stands, Wedding DJ Supplies, Rental Gear, and all sorts of pro gear.

The Build

Our Utility cases were made with 3/8" Plywood and are created utilizing CNC technology to ensure consistency within strict specifications and tolerances. ProX Live Performance Gear has been a family-owned business since 1984. And we strive to make the best product made to last a lifetime.

Everyday Protection

This rolling utility case includes our Signature Honeycomb Digital™ Surface Protected lamination. Made to look super-sleek with hexagon grids on all sides of the case in a variety of color options. This helps prevent minor to mild scratches during its lifetime.

Environment Safety

We strive to make a cleaner world by minimizing damage to the environment, so we switched the production of our high-density rubber foam inserts. Our rubber and foam padding contains 70% recycled materials of that recycled content, most comes from recycled plastic bottles you throw out every day, and the remaining is from recycled post-industrial material.

DISCLAIMER: all third-party products shown are for display purposes only and are not included with this product. For the safety of your laptop or any other gear placed on the sliding shelf: DO NOT leave your laptop or any other devices (besides the controller) left inside the case. Do not attempt to move or transport the case with objects on the sliding laptop shelf while it is ajar.
