ProX XS-DDJ1000WLTWH ATA Flight Case for Pioneer DDJ-1000 FLX6 SX3 DJ Controller with Laptop Shelf 1U Rack Space and Wheels - White Black

Description

ProX **XS-DDJ1000 WLT WH** Digital DJ Controller case for the **Pioneer™** DDJ-1000 & DDJ-1000 SRT it's made with the highest quality material and workmanship. If you have a passion for your gear and want to keep it safe at all times, this case will perform at the highest level every time.

The XS-DDJ1000WLTWH fitted for PIONEER DDJ-1000 is constructed with our rugged signature 3/8" Gig-Ready Series Plywood, reinforced steel ball corners for protection, easy stacking, and recessed steel padded handles and latches to protect them from damage during transport. There is additional space for cables and small accessories in the back and underneath the unit for convenience, and a 1U Rack Space underneath the unit (1U Rail Hardware Included), as well as a removable front panel. The front removable panel allows for easy access to the 1U rack space, front controls, and headphone/mic jacks.

This ProX ATA 300 Style Road/Flight case is manufactured with the Honeycomb Digital™ laminated surface Design. Made with the super-sleek look of Honeycomb Digital™ hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb Digital™ design helps prevent minor to mild scratches. The Honeycomb Digital™ line design was inspired in 2009 by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases have been known for since 1984.

Note: Any pictured device is shown for reference only and not included!
