ProX XZF-WAVESLV13UCASE For WAVES eMotion LV1 Live Mixer ATA Rolling Retractable Handle Road Case by ZCASE

Description

ProX **XZF-WAVESLV13U CASE** Pro quality ATA road case is custom-designed to fit the **WAVES eMotion LV1 Mixer**, and it does the job well. The XZF-WAVESLV13UCASE is constructed with 3/8 Plywood and reinforced steel ball corners. There will be space for cables and small accessories inside of the case next to the console deck.

This ProX case is manufactured by ZCASE® (Made in Poland) with the Honeycomb laminated surface Design. Made with the super-sleek look of Honeycomb hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb design helps prevent minor to mild scratches.

* ProX Goes Green: The durable hard rubber foams used in our cases contain 70% recycled content. Of that 70%, 80% of it comes from recycled plastic bottles and the remaining 20% from recycled post-industrial material. At ProX we strive to make the world a better place!
