ProX T-UTI Large Utility Trunk Storage Case - 9 Cu.Ft. | 21.5" X 44" X 21"

Description

The **ProX T-UTI** is constructed with Gig Ready signature series certified 3/8 inch black laminated plywood, which provides a unique look and is crafted using the highest quality materials and workmanship, to give you the ultimate security for your equipment. If you have a passion for your gear and want to keep it safe, this case will ensure your investment is protected at all times. Interior: 43" L x 20.5" W x 17.5" H 9 Cu.Ft.

This exquisite foam-padded stackable utility trunk case features grooved aluminum extrusions, plastic laminated, recessed spring-loaded handles & recessed butterfly twist latches. Stay open lid hinges. Ball corners & four 4" casters, with two locking for easy mobility.

This **ProX ATA 300 Style** Road/Flight case is manufactured with the Honeycomb Digital™ laminated surface Design. Made with the super-sleek look of Honeycomb Digital™ hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb Digital™ design helps prevent minor to mild scratches.

All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases have been known for since 1984.

Features

- **ProX has been manufacturing flight cases since 1984 and are designed to protect your investment**
