Customer Testimonials

I recently Purchased This Facade From Guitar Center, Set it up for the First Time on Monday, August 12th, 2019 In my Living room after receiving it To see how it went together and what it looked like before I used it at and gig. The setup was simple took about 5 minutes to set up. Looks Amazing and I like the fact that it comes with a storage bag and two scrims. The only issue I had was two of the small adjustable feet were missing. However, I spoke with Jacob Charles the next morning and He assured me they would get those out to me as soon as possible. So in all Great Product and Great Customer Service. I would definitely recommend this product. In fact, I am getting ready to Purchase the Lightbar Accessory as well and will Review that once in hand.
