ProX X-PWEX4 BOX Power Connector Box for 4X Edison Power Outlet For Indoor Use - New Slim Design

Description

ProX PowerCenter™ Power Connector **Compatible with 4X Edison Outlets [New Slim Design]** is the perfect addition to your truss rig, providing power to your mobile DJ setup. This heavy-duty Power Center comes equipped with a **20A inlet** and outlet Power Connector, offering compatibility with various connections. You can easily link two or more of these Power Centers along a truss system or for sound systems.

With a total of **4x Edison Outlets**, you get a combined power capacity of 20A. This ensures you have enough power for all your equipment. Moreover, the PowerCenter includes an **M8 threaded hole**, allowing you to use clamps and adapters to hang it securely in place. Upgrade your power distribution with the ProX PowerCenter™ and experience the reliability and convenience it brings to your setup. Light up your truss rig and keep your mobile DJ equipment running smoothly with this versatile and robust Power Center.
