ProX T-LS35C-STAND Set of (2) 9.5 Ft Crank Stands with T-Bars Supports Triangle Truss Segments for DJ Lighting

Description

ProX **T-LS35C-STAND Set of (2) 9.5 Ft Crank Stands with T-Bars Supports Triangle Truss** Segments for DJ Lighting. Introducing the ProX T-LS35C-STAND, a set of (2) 9.5 Ft Crank Stands designed to support Triangle Truss Segments for DJ Lighting. This dynamic duo includes two 9.5-foot truss DJ lighting crank-up stands, equipped with a high-quality cranking system, ensuring effortless elevation.

With a remarkable height capability of up to 9.5 feet, these stands offer exceptional versatility for your lighting setup needs. Moreover, the included T-adapters simplify the mounting of your truss segments, guaranteeing a hassle-free assembly process. Remarkably, these stands boast a robust load-bearing capacity, supporting up to 360 lbs when evenly distributed.

These heavy-duty 9.5-foot crank-up stands also feature a Truss T-Bar, providing an ideal solution for securing your lighting equipment. This added convenience enhances their utility in various professional settings, such as concerts, events, and stage performances. With the ability to hold up to 360 pounds evenly distributed, you can trust these stands to provide the necessary stability and support for your lighting rig.
