ProX XS-SCDM12W Single CD Player & 12" Mixer Case W/Low Profile Wheels and Retractable Handle

Description

The **ProX XS-SCDM12W** Single CD player/single mixer coffin case is the case you been waiting for. If you only use one CD player and a mixer and are looking to lighten your load. XS-SCDM12W is the case for you. Fits any DJ CD Player and any 10 to 12-inch mixer. The case weighs 38 lbs. Made from ProX Signature series Plywood. Your gear is more than protected and still looks sleek with your setup. The mixer can be placed on the right or left for operator convenience.

This **ProX ATA 300 Style Flight Case** is manufactured with the **Honeycomb Digital™** laminated surface design on 3/8" plywood. Made with the super-sleek look of Honeycomb Digital™ hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb Digital™ design helps prevent minor to mild scratches. The Honeycomb Digital™ line design was inspired in 2009 by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases have been known for since 1984.

Note: Any pictured device is shown for reference only and not included!

Features

ProX has been manufacturing flight cases since 1984 and are designed to protect your investment.
