### ProX XSU-4X4 STAGEone 4' Ft. Portable Stage with Telescoping Legs Platform Height 16-22-inch

#### Description

ProX **XSU-4X4 STAGEone 4' Ft. Portable Stage** with Telescoping Legs Platform Height 16-22-inch. **STAGEone™** Portable Platform System is a versatile and durable solution for a variety of indoor and outdoor events, small venues, schools, churches, hotels, exhibition halls, and more. Featuring height-adjustable telescoping legs that **can be adjusted from 16" to 22" (24" extended)** with a security pin and cable, this stage platform can support unlevelled ground surfaces, ensuring a stable and secure stage setup.

The top of the stage platform is laminated with our **Signature Honeycomb Digital™** Surface Protection, ensuring a slip-resistant surface for stage performers to maintain their grip, enhancing their overall performance. Additionally, the stage leveling clip and security clamps included in the package ensures that individual stage platforms are securely mounted together, providing a stable and safe performance environment.

STAGEone™ Portable Stage Platforms are a perfect solution for those in need of a robust, easy-to-use, and versatile stage platform. Designed with user experience in mind, this product is a reliable and practical
