ProX X-T1220 LED TWISTER Fog Machine 1220 Watt Water Based w RGBA LED

Description

The Xstatic Pro Lighting Twister 1220 LED is now smaller and equipped with new sophisticated technology including advanced cast aluminum heater, high precision PCB design, ETS and RGBA LED lighting. The quiet high-quality pump, when combined with our ultra-efficient heater technology, contributes to the incredibly low fluid consumption of less than one liter per two hours of continuous fogging (at 30% output). High precision fan control can be achieved thanks to the durable twin fans and the Twister's digital control module. The high-quality bearings in the fans allow silent operation, making the machine ideal for use at noise-sensitive events. For a small degree of fine-tuning, and a perfect haze of fine particles is achieved and minimal residue ensures long-term reliability of sensitive lighting equipment. The Twister 1220 is preferred by many top stage and studio professionals.

Features

- **Advanced Heater System**
- **6x High Power RGBA LEDs**
- **Electronic Thermo Sensing Heater (ETS)**
- **PCB Board Control Temperature**
- **0.8 Liter Fluid Tank**
- **Wireless RF & 10 Ft. Wired Remote**
- **15,000 Cu.Ft./Min**
- **AC 120V 60Hz**
- **4 Min. Quick Heat Up**
- **LED-Illuminated Tank**
- **Continuous High Output**
- **Variable Smoke Output**
- **Very Fine Smoke Particle Size**

Exterior Dimensions & Weight

6.50"H x 6.50"W x 12.00"L

Shipping Dimensions & Weight

Box 1 of 1: 10.00"H x 10.50"W x 15.00"L - Shipping Weight: 11.00 lbs

Suggested Shipping Method: Parcel

UPC

019372406617
