### ProX XT-PINPAL Truss Pin Pal Assembling Hammer with Spigot Pin Remover For F34 F32 F31 Truss Segments

#### Description

**ProX XT-PINPAL Patented** Truss Assembling Hammer with Spigot Pin Remover - For F34 F32 F31 Truss Segments. Introducing the Truss Pin Removing Hammer with Spigot, a powerful and versatile tool designed to simplify the task of removing truss pins for truss staging and engineering projects. This innovative hammer combines exceptional functionality with durability, making it an essential addition to any toolkit.

Equipped with a specially designed spigot, this hammer allows for the effortless removal of truss pins without the need for excessive force or complex techniques. The spigot fits securely onto the truss pin, providing a stable connection and reducing the risk of slippage. With each precise strike of the hammer, the truss pin is loosened and easily extracted, streamlining the pin removal process and saving valuable time and effort.

Crafted from high-quality steel, the Truss Pin Removing Hammer with Spigot is built to withstand the rigors of heavy-duty use. Its ergonomic handle ensures a comfortable grip, minimizing user fatigue during prolonged tasks. The hammer's balanced weight distribution enhances control and accuracy, allowing for precise strikes with minimal effort. Whether you're a professional contractor or a DIY enthusiast, this hammer is the ultimate tool for efficiently removing truss pins, promoting efficiency and productivity in any stage rigging project.

#### Features
