ProX XT-AC612 Truss Post Outrigger Brace and Lower Support Bar with Hinged Rubber Feet

Description

The **XT-AC612** Outrigger Post can be easily connected to the truss piping of F34 2" Truss Segments. These Aluminum truss rod post clamps to a single pipe segment and supports loads up to stabilize Truss structures. It is recommended that at least two brace Outriggers be used on either side of the segment while in its upright position.

*It is recommended that at least two brace Outriggers are used on either side of the segment while in its upright position.
