### ProX XF-4X3048BAG Universal Facade Panel Carry Bag Fits Up to 5 ProX 48X30 Panels or Other Equipment

#### Description

The **ProX XF-4X3048BAG DJ Facade Carry** padded bag is the easiest way to transport your facade system. The bag is designed to hold up to 5 panels 30" X 48" X 1" Panels. So if you are looking to house a facade or any equipment of similar size this bag will work for you to transport your gear with ease.

ProX offers an outstanding array of rugged cases and bags so that you can protect every item of your performance equipment. There is no better way to protect your valuable gear than by using one of ProX's gig bags or hard cases. When it comes to your gear, you can rest assured that you can trust ProX for the ultimate in protection.

#### Features

This rugged and stylish bag will protect your lighting, accessories or can be used as a utility bag for cables, connectors and more. Manufactured from durable nylon with the unique ProX Honey Comb design that was inspired by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

The straps are strong and durable and positioned to carry the load evenly. The interior of the units is padded to provide additional protection for what you are carrying to your events. The strong and durable double-ended red zipper complements the design of the bag.
