ProX XM-1103W VaultX™ Watertight Electric Guitar & Keyboard Case W-Wheels and Pluck-N-Pak™ Foam

Description

ProX **XM-1103W** UltronX™ series cases are made from an extremely tough Polypropylene Copolymer, these cases are crush resistant and virtually indestructible. This rugged case features a sealed ring, which makes it Airtight and Watertight. The automatic air pressure release valve will equalize the air pressure, which allows this case to be airline friendly! It is ATA/TSA approved.

Our unique spring-loaded latch system will keep this case tightly closed, while still allowing for ease of opening. There is convoluted foam glued into the lid, and a removable **Pluck-N-Pak™** foam set in the base will allow you to customize the fit to your guitar, keyboard or anything you would like to protect! Super tough construction to withstand weather, bad handling, drops, kicks, bangs, flips & flops and even the baggage handlers at the airport!

Features

- **Hard-shelled protective guitar case**
- **Excellent protection for storing and transporting**
- **Fold Flat handle at one end and rolling wheels at other for easy transport**
- **Fold Flat side handle and four latches for secure sealing**
- **Flush, surface mounted latches with red release button for easy access**
- **INCLUDED Pluck-N-Pak™ Foam squares allow for easy customizing the interior**
- **Pressure equalization valve creates an airtight and watertight seal and ideal for air travel**
- **Watertight at 1 meter for up to 30 minutes - Independently tested to exceed IP67 specifications**
- **Lifetime Limited Warranty**
